## Ian Hoffman, Identity Evropa PA coordinator

### **Ian Hoffman AKA Papa Pizzagate; Identity Evropa PA Coordinator**

One of the Identity Evropa originals!

A devoted white nationalist, Ian Hoffman of Palmyra, PA was arrested on assault and battery charges at Unite the Right in 2017, (<https://archive.st/lryf>). He was doxxed then, but its time for a redoxx! Ian Hoffman is the Pennsylvania coordinator for Identity Evropa and handles the t-shirt orders for his fellow nazis. One time he put up stickers in Harrisburg, before they were promptly removed by locals.

He's 30 years old, born on July 25, 1988 and is a diehard Trump supporter. Hoffman enjoys trolling the opposition using racial slurs, and posting it to Discord:

<https://cdn.discordapp.com/attachments/481597551272001546/509197425601413136/unknown.png>. He has declared that "we have a president who is openly calling himself a nationalist. Demographics are being discussed openly (and not always favorably) on cable television. Senators and pundits are using language that would only have been heard from White Nationalists as recently as 5 years ago." Hoffman goes on to say that he thinks Trump won because he hates a lot of the same things regular Americans hate too, like Globalism, political correctness, bureaucracy, the "deep state", multiculturalism and so forth. Further illustrating his belief that the time is right for proudly claiming one's white identity, Hoffman helped cement connections between Identity Evropa and politician Steve King of IA, saying "The left went full court press on 'STEVE KING IS A WHITE NATIONALIST' and he still won."

Hoffman's social media is full of loads of garbage, including this sad attempt at poetics:

“Nationalism is Rising

Globalism is falling

Neoliberalism is on it's way out

Trump taught the American public to hate the media, and they do.

People are seeking other answers to the truths

of our broken society and system

White Identity is in the air.”

Around the holidays, Ian Hoffman recommends encouraging Identity Evropa members to “name the Jew” to their parents and family. Going on to say that “White people [are] not acting in self-preservation and group interest. Let's focus on improving that. Promoting these ‘grand Jewish plans’ makes us sound extreme, inaccessible and unhinged, so may as well drop it and focus on what we can do. Ultimately, whether or not you believe in the plan is irrelevant” and ending his diatribe with “I'm SURE that if (((THEY))) didn't circumcise young men, America would be [a] white ethno-paradise.”

An active shit-poster, Ian is easily searchable on social media; Ian Hoffman's twitter is [www.twitter.com/papapizzagate](https://www.twitter.com/papapizzagate) with an archive of <http://archive.fo/NLKOS>, his followers are archived here <http://archive.fo/jajud>, plus which white supremacist trash bags he's following can always be found here <http://archive.fo/lFIG3> His private youtube, is here <https://www.youtube.com/watch?v=1L78ORLT1zY> and his public YouTube is [https://www.youtube.com/channel/UChoqPqK5guwUdFXSgVW0XVw/videos\(http://archive.is/9u498\)](https://www.youtube.com/channel/UChoqPqK5guwUdFXSgVW0XVw/videos(http://archive.is/9u498)) ) which he makes a lot of money off of <https://cdn.discordapp.com/attachments/481597551272001546/516044381526949891/unknown.png> so flag him for explicit content to get him de-platformed and make this Nazi broke again.

Don't forget Ian, the internet is forever and we will keep finding you and finding you.

Ian lives alone at 129 W Main St, APT 2E in Palmyra, Pa. In a show of how empty his life is, he lists his hobbies as cars, entrepreneurship, dirt bikes (his field of work now) and bonsai trees.
